United We Stand – Bring In A Helping Hand

September 2005

MIKE HOAG Hello brothers and sisters, I must say, that the fraternal year is starting off with a bang. On July 23, I attended a pig roast in Glens Falls to benefit the Amanda House and over \$1,000.00 was raised. Good food and good friends made the day for **Bernie** and myself along with the first daughter **Cindy**. Trustee **Jim Wilcox** was surprised that I spoke to **Don Yanchunis** and **Tom Hammond**, but I explained that as long as the nominating committee keeps putting him on the ballot it's customary to be civil. Onward to Irwin Aerie's car show at Addison on August 7, with over \$1,900.00 raised to benefit Irwin's building fund, There was 61 trophies awarded and 69 cars, trucks and cycles were entered. My award went to #28, a 1970 Plymouth Roadrunner convertible. Finally, on more somber tone, I attended the memorial service for **Lill Pottorff** on Sunday August 14. It was an exceptional service for an exceptional lady and I further extend my condolences to **Dick** and his family. When I first became a state officer in June 1999, **Lill** was the first auxiliary member to congratulate me. Little things do mean a lot. I will especially miss another good friend, **Bonnie Kugler**. My deepest condolences go out to **Bob Rostas**. We aren't here for a long time so let's have a good time. United we stand! **Mick (Mike Hoag)**, New York State Aerie President)

WHO SAID THAT?

Here's the latest nickname heard. Who's being called Bullwinkle? It was overheard that Doug McDermott's new nickname is Bullwinkle. Were not really sure why new State Aerie Trustee Garrett Smith calls Doug Bullwinkle but we heard they both went to college together. Remember what college Bullwinkle went too? What's-the-matter U! If Doug is Bullwinkle, does that make Garrett Rocky the Squirrel?

Last month's issue of the State Reporter we stated we were a bit confused about Pete Vaughn. We overheard someone call him Sally at the State Aerie Convention and we're dying to know why. If you have information on why Pete's nickname is Sally, please contact the State Reporter to let us know. Here's the respose: Hello, I am Pete's stepson John "Bugs" Fitch. Son of NYS Aux. Vice President Ruth Fitch. I am writing to explain how Pete got his nickname. We five men were bowling at one of the NYS Men's Tournaments. The team consisted of Pete, a.k.a. Sally, myself, a.k.a. Susie, Pete's nephew Jim, a.k.a. Betty, a close family friend Bob, a.k.a. Candy, and a fifth member that I cannot remember. It was my turn during the team event when I rolled the ball down the lane. It didn't react the way I wanted it to and was rolling pretty slow. I turned back to my teammates and Jim shouted "Nice ball Susie, does your husband bowl too?" Not to be outdone, I waited for my turn to get even with him. I thought up the name Betty and used it when I could. "Nice shot Betty, take off your skirt & bowl." It wasn't long before we knew we needed a nickname for everyone else on the team. We came up with Candy pretty quick for Bob. But Pete was difficult. I think we had five or six names picked out before we decided on Sally. For some reason it just seemed to fit. I have heard people throw in "Mustang" on occasions, but it didn't start that way, and I'm not sure if he has any preference. But he will always be plain old Sally to us. The four of us still remain on the same team whenever possible. And sure as anything, when one of us throws a bad shot, you can be sure the other three are making it known that we have a nickname, and it will be used.

Larry Robillard and Tom Hammond were working for the Glens Falls City public works department. Larry would dig a hole and Tom would follow behind and fill the hole in. They worked up one side of the street, then down the other, then moved on to the next street, working furiously all day without rest, one digging a hole, the other filling it in again. An onlooker was amazed at their hard work, but couldn't understand what they were doing. So he asked Larry the hole digger, "I'm impressed by the effort you two are putting into your work, but I don't get it. Why do you dig a hole, only to have your partner follow behind and fill it up again?" Larry the hole digger wiped his brow and sighed, "Well, I suppose it probably looks odd because we're normally a three-person team. But today Charlie Straub, who plants the trees called in sick."

That reminds me of a true story where Larry Robillard (then 13 years old) and his friend Skip decided to remove parking meters (that's right, pull them out of the ground) and stack them in the middle of the street. It didn't take to Glens Falls Police to take notice, rounded up to two anti-meter villains, and take them into the station. The next day, under the observation of the Glens Falls Police, Larry and Skip spent the day putting the meters back. The police were baffled as why they did this since not one dime was taken from the meters. It's rumored that Larry said "Time ran out on the meters".

TRIAL PROCEDURE FLOW CHART The suggested trial procedure has a new addition. The last two pages of the procedure now contains a one page flow chart for the Aerie and a one page flow chart for the Auxiliary. Go to <http://www.foe.com/forms/> and click on "Trial Procedure in PDF Format" . The last two pages contain the new flow charts. We hope you never have to use them.

Come on the rest of you New York State Aerie's, lets get those members in. If you have any information for the State Reporter please send it to me or State Secretary Bob Yager. PAT GRAY UPDATE: **PATRICK W. GRAY** running for Grand Aerie Office. First, let me thank my home aerie Depew Aerie # 2692 and the New York State Aerie for there support in regards to my intent to become a Grand Aerie Officer. The bottom line is we did not get picked up, but we feel the overall process was very positive. Many present Grand Aerie Officers, Past Grand President's and State Presidents have requested that we should run again, next year in Orlando, Florida. Calgary, Alberta, Canada was well prepared and ran a great convention. Unfortunately, we had less members attend this convention then last year in Reno. We were introduced to presenting at the Nominations Committee, at various State and Provincial caucuses and had a lot of assistance in getting the word out about **Pat Gray** from New York State and from Ontario and Quebec. Both Pennsylvania and Ontario / Quebec placed posters in their hospitality rooms for **Pat Gray** running for Grand Aerie Office. We made a major presentation regarding the Youth and Child Advocacy winner to the whole delegation and Aerie # 3701 from Newberry, Michigan was the overall winner. We obtained voting support from New York State, Ontario and Quebec, Mason Dixon Conference (7x States), Pennsylvania, Washington, California (home of the new GWP President **Chris Lainas**) and many others. We thank them all. We had six candidates for the one position of Grand Aerie Outside Guard. The vote count was 459 for **Pat Gray** and 608 for **Michael Deahur**. We made a strong showing for our first attempt a GA office. My plans are to continue to run for GA office in Orlando, Florida with your continued support. Thanks to you all! **Patrick W. Gray**, New York State Past State Aerie President, International Chairman, Youth and Child Advocacy, Committee

ERWIN AERIE Erwin #4460 Aerie and Auxiliary had a car show to raise money for the Aerie. They had 69 cars for the first show and a fun time was had by all. They presented 61 trophies and 4 special ones which one was NYS President **Mike Hoag's** Choice. **Mike, Bernie** and his daughter were there and had a real good time. **Bernie** said she have never been to a car show and she had fun (lot's of tires to bite!?!?). It was a hot day but all survived. I also had a special trophy for presidents choice. Everyone helped present the trophies as they took turn handing them out. **Donna McChesney** organized the show and her mom June is the one who got all the trophies donated so that Erwin could have a good show. Also **Donna** had 4 generations of family working that day, her mom, her, daughter, and all of her grandkids, plus 2 of her brothers also. **Betty Nichols** helped out and did all the flyer printing for **Donna** so the Aerie had no expense there. She also brought her nephew with her to help and these kids were great they worked very hard in that heat so that the older members didn't have to. They worked the gate and registered the cars. What ever you asked them to do they did. My family was there also and did the running for the chairs, tables and the chicken which made it a lot easier on us older members. They were all great and I want to thank everyone for the hard work that was put into this show to make it a success. **Doug McDermott**, Erwin Aerie Secretary and Past Eastern Regional President, presented the trophy he donated for the Eastern Regional President and Iris did the one for the Silvertop Resturant. They said that they want to have another one next year and all the car people said great. **Donna** says now the car people will tell what a good show it was and more will come next year.

Fraternally, **Garrett Smith**-President #4460 and NYS Trustee
